ORDER:

In the reference read above, the Special Chief Secretary to Government, Finance & Revenue, has stated that the Government of Andhra Pradesh is implementing a Comprehensive Financial Management System (CFMS) application to integrate the various aspects of the state's financial management processes and workflows, which includes the key areas of - Budgeting, Expenditure Management, Receipts Management, Cash Management, Debt Management, Human Resources Management and Accounts Management.

2. Accordingly, Government formed a special purpose vehicle namely Andhra Pradesh Centre for Financial Systems and Services (APCFSS) vide G.O.Ms.No.192, Finance (IT) Dept., Dated 07.10.2016 and it commenced its operations recently. APCFSS is appointed as t he nodal agency for the implement action of the CFMS project. CFMS is being implemented on the SAP plat form and therefore, to derive maximum benefits from the OEM themselves, M/s.SAP India Pvt. Ltd., have been appointed as the implement action partner.

3. He has stated that the project teams from APCFSS and M/s. SAP India Private Limited have been formed, wherein some cases, Youth Advancement, Tourism & Culture Department may have also deputed resources to work on this full time, and they have started gathering requirements and working towards a solution blueprint/design. In the Phase 1, Expenditure Management, Receipts Management, Core Budgeting, Core HR and Core Accounting processes will be implemented. The timelines drawn up for the roll out of this by the Govt., are very aggressive. In order for this to be successful, participation from all the secretariat departments and heads of the departments is very crucial.

4. The Special Chief Secretary to Government, (Finance & Revenue) has further stated that the team members from APCFSS and SAP will be visiting the offices and departments to carry out the various project related tasks and activities like requirement gathering, process study, process validation and design reviews and requested YAT&C Dept., to extend all the cooperation and support to the team members. Additionally, he has suggested that a Single Point of Contact may be assigned from YAT&C department for these team members to liaise with on a regular basis. This Single Point of Contact should also be a Process Owner, wherein he/she is expected to participate in the review of the requirements, process validations, design reviews and provide sign offs.
